

IBLLC DISCLOSURE FOR CLEARED SWAPS CUSTOMERS

Interactive Brokers LLC ("IBLLC") clears swap transactions for its clients as a clearing member of ForecastEx. ForecastEx is registered with the CFTC as a derivatives clearing organization ("DCO"). In compliance with CFTC Rule 22.16, we are advising you that in the unlikely event of IBLLC's insolvency, customer rights would be determined pursuant to the commodity broker liquidation provisions of the US Bankruptcy Code and CFTC Part 190. However, if the DCO or the insolvency proceeding is outside the US, local insolvency law could affect a customer's ability to recover funds and securities or the speed of any such recovery. DCOs have rules that govern the use of cleared swaps customer collateral, and/or the transfer, neutralization of risks, and liquidation of cleared swaps in the event of a default relating to a cleared swap customer account.

In further compliance with CFTC Rule 22.16, we are providing you with the URL links to the rules of the relevant DCO(s). Please note that such rules and the URL links are susceptible to change. If you encounter difficulty accessing these rules, please contact your IBLLC representative for an updated URL link.
